SECURITY STARTS BY OPENING THE RIGHT DOORS

MIGRATE TO MORE POWERFUL ACCESS CONTROL
WITH THE MAXPRO ACCESS FAMILY

INTRODUCING MAXPRO ACCESS MPA2 AND MPA4

Flexible, Scalable and Easy to Install

MAXPRO® Access (MPA) Family of Products improves and enhances the MPA controller allowing for 1 to 4 door configuration and enabling full replacement of the NetAXS-123 and NetAXS-4 legacy access control product portfolio.
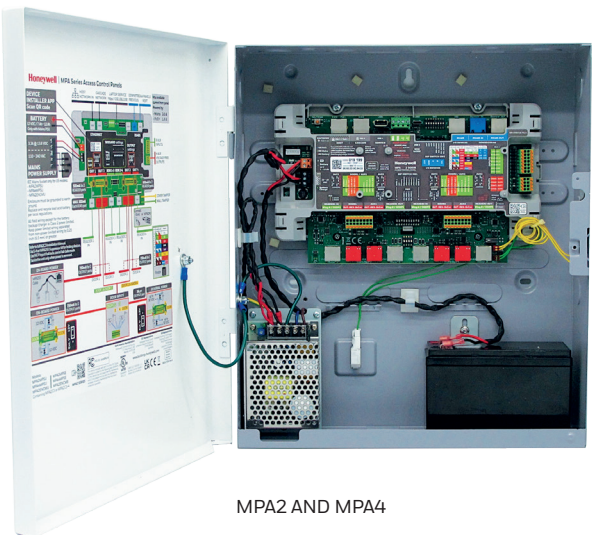

MPA2 AND MPA4

MAXPRO ACCESS
MPA2 and MPA4

The MPA 2 and 4 controller is flexible and scalable, easy to install and secure, helping you meet the most stringent compliance requirements.

With greater capacity, MPA provides larger card databases, access levels and event buffers to offer a modular, scalable and adaptable solution.

Card to cloud secure, MPA is flexible in use and operation.

ORDERING

SOLUTION	DESCRIPTION
MPA1 – SINGLE DOOR EDGE CONTROLLER	
MPA1P	MPA1 Single Door Smart Edge Access Control Solution, controller and enclosure. (No reader)
MPA1C1PS20N	MPA1 Single Door Smart Edge Access Control Solution, Controller plus enclosure. Includes Honeywell Omni Smart Reader, OSDP Enable (Or wiegend) Mobile Enabled
MPA2 AND MPA4 – 2 AND 4 DOOR	
MPA2MPSU	MPA2 - 2 doors, controller & metal encl, PSU, includes: (2) MPA2RJ, (2) MPA2S5, (1) MPA2BAT7 (US)
MPA4MPSU	MPA4 - 4 doors, controller & metal encl, PSU, includes: (4) MPA2RJ, (4) MPA2S5, (1) MPA2BAT7 (US)

ACCESSORIES	
MPA2C3	All-in smart access control panel only
MPA2C3-4	All-in smart access control panel only, 4-door
MPA2ENCMU	MPA2/4 – metal enclosure + PSU (NAM)
MPA2RJ	RJ45 to 8-screw terminal block or easy standard reader wiring to RJ45 Connection
MPA2S5	S5 at the door break out cable for easy install
MPA2BAT7	7Ah lead acid battery, 12 V
